

7th Grade Immunization Requirements

Please note:

All 6th grade students will need to have their immunization record updated prior to the start of 7th grade.

The state of Florida requires a Tdap (tetanus - diphtheria - pertussis) immunization for all students entering 7th grade.

A copy of the updated immunization record must be turned in to LCC Day School on or before the first day of 7th grade (August 12th).

Following is the text from Florida's "Requirements for School Attendance":

7th Grade Requirements

*"The State of Florida immunization requirement for 7th grade students entering or attending 7th grade now **REQUIRES** a Tdap (tetanus- diphtheria-pertussis) prior to attending class. A Td will **NOT** be accepted. If the student has had a recent Td, they will require a **Temporary Medical Exemption** for school entry (this must be documented on the 680 Immunization record by the Department of Health or healthcare provider's office) which will allow them to wait no more than 2 years from the date of the immunization received and they will then be required to receive the Tdap immunization at that time."*
